What is Block Kids?

Block Kids is an award-winning national building competition. The Block Kids program challenges children in first through sixth grades to use their imaginations and find creative solutions to a construction challenge - all within a specific time period. By introducing young people to construction at an early age, we hope to create awareness and develop interest in future careers in the industry. This event is sponsored by NAWIC Greater Wichita, KS Chapter #120. One winner from this local contest will advance to the Regional Competition, and one semi-finalist from each region will compete in the National Competition for an Apple iPad!

What to Expect?

Kids will have 45 minutes to build a construction-related project using up to 100 blocks, one small rock, 12" of string, and an 18" piece of aluminum foil. Examples may include: houses, buildings, bridges, construction equipment, etc. (Projects depicting people or animals are not allowed.)

Each child will present his/her project to a Building Inspector - also known as a local industry volunteer - who will conduct a short interview. The Building Inspectors will rate contestants on their designs, use of materials, and oral presentations.

All builders will receive a hard hat, snacks and some really cool swag!
